TECHNICAL SKILLS

- JavaScriptTypeScriptPython
- Go (beginner)React.jsNext.jsNest.js
- FastAPI Django TailwindCSS
- Ant Design Docker Kubernetes
- Microservices

EDUCATION

- B.Sc. in CSE**
Daffodil International University
2016 - 2020
- Diploma in Computer Engineering**
Meherpur College of Eng. & Tech.
2012 - 2016
- SSC**
Kobi Nazrul Shikkha Manzil
2010 - 2012

LANGUAGES

- BengaliNative
- EnglishConversational

CORE COMPETENCIES

- MicroservicesSystem DesignMulti-Tenancy
- Redis CachingDeadlock Prevention
- CI/CD PipelinesDocker & K8sREST & GraphQL
- PostgreSQLClean Architecture

PROFESSIONAL SUMMARY

Results-driven Senior Software Specialist with 5+ years of hands-on experience building enterprise-grade web applications. Specialized in full-stack architecture with Next.js, NestJS, and TypeScript ecosystems. Proven track record architecting scalable ERP systems, high-concurrency microservices, automated CI/CD pipelines, and multi-tenant SaaS platforms.

EXPERIENCE

Senior Software SpecialistJan 2026 - Present

SSL Wireless Ltd. — Borak Zahir Tower, Kawran Bazar, Dhaka 1205

- Architected Zommerz multi-tenant E-Commerce SaaS with customizable storefronts, catalog builder, and 36+ payment gateway integrations.
- Engineered Enterprise ERP Production Planning & Manufacturing modules for tracking line operations, machine runtimes, and daily output.
- Developed Enterprise ERP Inventory module for central warehouse tracking, stock allocations, lot tracing, and automated stock audits.

Next.js 16NestJSTypeScriptAnt DesignTailwindCSSDockerKubernetes

Software SpecialistOct 2023 - Dec 2025

SSL Wireless Ltd. — Borak Zahir Tower, Kawran Bazar, Dhaka 1205

- Developed Enterprise ERP Production Planning modules for batch execution and factory floor stage tracking.
- Built Enterprise ERP Inventory module for raw material tracking, batch movements, and stock reconciliation.
- Engineered SSL Wireless LMS platform with course builder, student enrollment, quizzes, and certificates.

Next.js 14NestJSTypeScriptAnt DesignTailwindCSSDockerKubernetes

Software EngineerNov 2022 - Oct 2023

APSIS Solutions Ltd. — Ahmed Tower, 30 Kemal Ataturk Ave, Dhaka 1213

- Delivered enterprise e-Tender platform for tender publishing, vendor RFQ bids, evaluations, CS generation, and contract awarding.
- Engineered Banking ERP Procurement & Inventory modules for requisitions, multi-tier approvals, warehouse dispatches, and asset tagging.
- Built Banking ERP Transportation module for fleet logistics, vehicle requisitions, driver scheduling, and fuel tracking.

Next.jsNestJSTypeScriptPostgreSQLRedisAnt DesignTailwindCSS

Software EngineerNov 2021 - Nov 2022

mPower Social Enterprises Ltd. — Level 10 House 77, Nur Empori, Road 11 Banani Bridge, Dhaka 1213

- Built AI Cattle Muzzle Biometric Verification system for livestock insurers to prevent fraudulent claims.
- Delivered Agri-Tech farming platform with crop sowing calendars, weather forecasts, and pest diagnosis.
- Engineered crop harvesting advisory and scheduling modules to optimize harvest timing and crop yields.

PythonFastAPI DjangoReact.jsTypeScriptPostgreSQLRedux

Associate Software EngineerJul 2021 - Nov 2021 (Internship)

ROTech Ltd. — Komlapur, Dhaka

- Developed Enterprise ERP Raw Material module for yarn, dye, and chemical inventory tracking.
- Implemented Material Requirements Planning (MRP) and multi-level BOM for manufacturing production orders.
- Automated purchase requisition and purchase order (PO) workflows for manufacturing operations.
