TECHNICAL SKILLS

JavaScript	TypeScript
Python	Go (beginner)
React.js	Next.js
Nest.js	FastAPI
Django	TailwindCSS
Ant Design	Docker
Kubernetes	Microservices

EDUCATION

- B.Sc. in CSE** 2016 - 2020
Daffodil International University
- Diploma in Computer Engineering** 2012 - 2016
Meherpur College of Eng. & Tech.
- SSC** 2010 - 2012
Kobi Nazrul Shikkha Manzil

LANGUAGES

- Bengali Native
- English Conversational

INTERESTS

- Open Source DevOps System Design UI/UX
- Cloud Ollama Golang CI/CD Automation
- Performance

PROFESSIONAL SUMMARY

Results-driven Senior Software Specialist with 5+ years of hands-on experience building enterprise-grade web applications. Specialized in full-stack development with Next.js, NestJS, and TypeScript ecosystems. Proven track record of architecting scalable ERP systems, establishing CI/CD pipelines, and leading frontend architecture standards across cross-functional teams.

EXPERIENCE

Senior Software Specialist

Jan 2026 - Present

SSL Wireless Ltd. — Borak Zahir Tower, Kawran Bazar, Dhaka 1205

- Architected Zommerz multi-tenant E-Commerce SaaS with customizable storefronts, catalog builder, and 36+ payment gateway integrations.
- Engineered Enterprise ERP Production Planning & Manufacturing modules for tracking line operations, machine runtimes, and daily output.
- Developed Enterprise ERP Inventory module for central warehouse tracking, stock allocations, lot tracing, and automated stock audits.

Next.js 16

NestJS

TypeScript

Ant Design

TailwindCSS

Docker

Software Specialist

Oct 2023 - Dec 2025

SSL Wireless Ltd. — Borak Zahir Tower, Kawran Bazar, Dhaka 1205

- Developed Enterprise ERP Production Planning modules for batch execution and factory floor stage tracking.
- Built Enterprise ERP Inventory module for raw material tracking, batch movements, and stock reconciliation.
- Engineered SSL Wireless LMS platform with course builder, student enrollment, quizzes, and certificates.

Next.js 14

NestJS

TypeScript

Ant Design

TailwindCSS

Docker

Software Engineer

Nov 2022 - Oct 2023

APSIS Solutions Ltd. — Ahmed Tower, 30 Kemal Ataturk Ave, Dhaka 1213

- Delivered enterprise e-Tender platform for tender publishing, vendor RFQ bids, evaluations, CS generation, and contract awarding.
- Engineered Banking ERP Procurement & Inventory modules for requisitions, multi-tier approvals, warehouse dispatches, and asset tagging.
- Built Banking ERP Transportation module for fleet logistics, vehicle requisitions, driver scheduling, and fuel tracking.

Next.js

NestJS

TypeScript

PostgreSQL

Redis

Ant Design

Software Engineer

Nov 2021 - Nov 2022

mPower Social Enterprises Ltd. — Level 10 House 77, Nur Empori, Road 11 Banani Bridge, Dhaka 1213

- Built AI Cattle Muzzle Biometric Verification system for livestock insurers to prevent fraudulent claims.
- Delivered Agri-Tech farming platform with crop sowing calendars, weather forecasts, and pest diagnosis.
- Engineered crop harvesting advisory and scheduling modules to optimize harvest timing and crop yields.

Python

FastAPI

Django

React.js

TypeScript

PostgreSQL

Associate Software Engineer

Jul 2021 - Nov 2021 (Internship)

ROTech Ltd. — Komlapur, Dhaka

- Developed Enterprise ERP Raw Material module for yarn, dye, and chemical inventory tracking.
- Implemented Material Requirements Planning (MRP) and multi-level BOM for manufacturing production orders.
- Automated purchase requisition and purchase order (PO) workflows for manufacturing operations.

Python

Django

PostgreSQL

JavaScript

HTML5/CSS3

Git

KEY PROJECTS

VS Code Extension — QuickDB

DataGrip-inspired database management extension for Visual Studio Code.

TypeScript

VS Code API

Node.js

SQL

[View Project](#)

Built Zommerz (E-commerce SaaS)

Multi-tenant e-commerce builder platform empowering merchants to customize stores, manage products, and launch in minutes.

Next.js

Nest.js

TypeScript

TailwindCSS

[View Project](#)

SSL Wireless LMS (E-Learning SaaS)

Built a SaaS e-learning platform for SSL Wireless.

Next.js

Nest.js

[View Project](#)

CLI Tool — Quick Dockerize (quick-cicd)

Automated CLI tool to containerize projects (Docker) and scaffold production CI/CD workflows for React, Next.js, NestJS, and Laravel.

Node.js

TypeScript

Docker

GitHub Actions
